**NEW EFFORTS OF PROSPECTOR SQUARE**

The Prospector Square Property Owners Association has been working on new efforts to refresh and enliven the Prospector Square area. Prospector Square is a key area of Park City and the Association kicked off its PR and marketing efforts with the launch of www.prospectorsquare.com.

Information on all of the businesses in the area is being added in. Please check your business listing and contact Alison Butz regarding any changes. The website is a resource for you to find out information on things such as parking, snow removal, construction and other events that may impact your day to day activity.

The website will also provide information to locals and Park City Visitors about all that can be found in our area.

Please send information regarding your events, specials and/or any news you would like us to share with others about your business or property. A special section regarding member to member offers already has information about how you can receive a free Pilates session from Alison Gross.

Please email Alison Butz with any needed changes or information to share at Alison@prospectorsquare.com.
